Art. 3 - With the submission of the application, duly signed, and with the payment referred to in art. above, the participant

- a) unconditionally accepts the provisions of these regulations;
- b) recognizes the jurisdiction of the Court of Rimini for any dispute.

ACCEPTANCE OF THE APPLICATION

Art. 4 - The application, from the moment it is submitted, is irrevocable and binding for the submitting party. The Management has the widest discretion as to whether or not to accept requests to participate and its decision on the matter is final. In case of rejection of the application, the Management is not required to disclose the reasons to the applicant and will not pay any refund or compensation, except for the amount paid under the aforementioned Art. 2. This amount will be refunded without interest.

FEES - PAYMENT

Art. 5 - The price of participation for the chosen space and for the entire duration of the event is defined on the basis of the estimate based on the position, size and type of installation required.

Art. 6 - The balance of the fee must be paid in the same way as the payment of the advance no later than 12/09/2022.

Art. 7 - It is forbidden to sublet or transfer even free of charge the stand or part of it without the prior authorization of the Organizer. It is also forbidden, without authorization to display samples other than those indicated in the application form.

FORFEITURE - ABANDONMENT

Art. 8 - Anyone who does not participate in the event after submitting the application shall be obliged to notify the Management in writing at least 45 days prior to opening, stating and documenting the reasons. Failure to participate does not entitle you to a refund of the amount paid pursuant to Art. 2 and does not release you from the payment of any amounts still due. In any case, if the notice of non-participation is not given in writing or outside the deadline, the forfeiting party, in addition to being required to pay the entire amount of the stand, must pay, as a penalty, a sum equal to double the amount and, in addition, compensation for any additional damages. However, if the Management, at its sole discretion, acknowledges that the reasons are due to force majeure, the forfeiting party shall be exempted from payment of the remaining sum in full settlement of the amount which, if already paid, will be returned.

Art. 9 - The Organization reserves the right to exercise at its sole discretion, at any time and therefore also during the event, the modification or reduction of the space already granted or the replacement with another, including in a different area. In the event of any of such occurrences, the participant shall not be entitled to anything other than the possible adjustment of the amount due.

OCCUPATION - FITTING OUT - FIRE PREVENTION

Art. 10 - The setting up and occupation of the stands may begin at 8.00 a.m. on 12/09/2022 and finish by 8.00 p.m. on 13/09/2022. From that moment on, any completion or modification work must be carried out, with the permission of the Organization between closing and morning opening.

Any changes or exchanges of stand must be authorized by the Organization and carried out at the expense of the applicants. For those who have heavy vehicles to exhibit (cars, vans, motorcycles and the like), the operations of accommodation inside the parking lots both inside and outside must finish no later than 14th September. The organization is released from any problems or logistical impediments resulting from delays in complying with this provision" (the freight elevator for level 3 of the Congress Centre in Riccione has a maximum height of 2 m, a capacity of 2500 kg and a depth of 2 m). Exhibitors who fail to occupy their place by 8.00 pm on the day before the opening day shall be deemed as having forfeited and abandoned such place to all effects, with application of the sanctions provided for in art. 8.

Exhibitors occupying spaces when the event is underway will be charged a penalty of € 5,000.00 for the disturbance and hindrance caused to the proper conduct of the event.

Art. 11 - Any project relating to the setting up of the stand must be approved by the Organizing Committee and must be submitted at least 30 days before the opening date of the exhibition. Participants must in any case set up their stands in such a way that they do not damage the aesthetics of the nearby car parks and cause damage to the other participants.

The layout of the stand, including the advertising signs, even with the sole indication of the company name, must be contained within the assigned area, identified by dividing walls, or lines of paint; it is strictly forbidden to build lit mezzanines. The exhibitor is responsible for all stand set-ups carried out or commissioned by the participating companies and expressly releases the Organizers from any liability for damage caused to itself and to third parties by faulty stand set-ups caused by incorrect calculation or incorrect construction. The Organizers reserve the right to have the fittings installed without approval or which do not conform to the approved design modified or removed.

Art. 12 - The exhibitor undertakes not to damage the walls, plaster or floor, to use trestles or canvas to hang or stop objects on the walls or on the floor.

No paint may be applied directly to the walls of the stand, which must be returned in the same condition as it was delivered. Any damage must be compensated. As a guarantee for them, the material displayed will remain, on which the Organizers will have the right to claim, without prejudice to, of course, any other form of compensation.

Art. 13 - All the materials used for the installation must be non-combustible or at least made fireproof with suitable products. Before the start of the event, the exhibitor must present the certificate of fireproofing, in the manner prescribed by law, issued by specialized companies or a declaration that it has carried out the work on its own using products approved by the Ministry of the Interior. Each exhibitor will be obliged to provide its own stand with a suitable CO2 powder or fluorobrene fire extinguisher at its own expense, taking into account the extent of exposure and the type of materials on display. Possession of the fire extinguisher does not, however, authorize the installation of equipment involving the use of flames. Each operator must in any case take care to comply with the regulations on safety, in particular with Legislative Decree no. 81/08.

Art. 14 - The operations of removing and clearing the stands can only begin from 1 p.m. on 16/09/2022 and must be completed by 8 p.m. on 17/09/2022. After this period has elapsed without the participant having completed the operations, the Organizers may proceed ex officio at the expense and risk of the participating company.

SURVEILLANCE

Art. 15 - The Organizers ensure night surveillance inside and outside the Congress Centre in Riccione; during the opening hours of the Exhibition, the exhibitor must in any case supervise its stand and the products on display, either directly or through its employees.

DAMAGE - INSURANCE

Art. 16 - The Management disclaims all liability for injury to persons and damage to things, by whosoever and howsoever caused. By taking part in the Exhibition, the Management automatically and mandatorily insures the individual exhibiting companies with coverage as follows:

- 1) Fire, exhibition and trade-fair insurance - Insured risks: summary of the guarantees - Fire for any reason whatsoever - Action of lightning - Explosion of gas - Explosion of steam appliances or radiator systems - Explosion of vapours produced by flammable substances - Spontaneous combustion - Impact of road vehicles - Robbery - Bad weather with infiltration of rainwater or pipeline water - Collapse - Breakage (excluding that of fragile objects) - Fall of aircraft, their parts or things carried by them. Deemed equivalent to the damage relating to the above events shall be that caused to the insured items by damage caused by order of the authorities for the purpose of preventing or limiting damage as a whole. Items covered: Goods, equipment, furniture, including the value of the stand for € 15,000.00 Duration of coverage: Period of stay at the fair of the items, including the period of assembly and disassembly.
- 2) Deductible: A general deductible of € 154.90 per claim, which remains, however, at the expense of the participant, is applied. In the case of outdoor goods, the above deductible shall be increased to € 516.50 per claim. Notification procedure: The insured person (individual exhibitor) must give summary notice to Maggioli Spa within 48 hours after the accident. 2) Third party liability guarantee - Items covered: The civil liability of the exhibitor and its employees during the exhibition period, including stand set-up and dismantling operations and any demonstrations and practical tests. Other exhibitors are considered third parties. The warranty does not cover damage to property of the company or to property held by the company for any reason whatsoever. Maximum coverage: € 2,583,000.00 per claim, with a limit of € 1,550,000.00 per person sustaining bodily injury and € 516,457.00 for damage to property. Please note: In case of discrepancies, the only certain documents are the Exhibitions and Fairs Policy and the Civil Liability Policy towards third parties filed with the Management. The exhibitor is, in any case, required to directly provide the coverages it deems most appropriate and convenient, regardless of whatever previously provided by the Management. The exhibitor, in fact, exempts the Management from any order of responsibility arising from the presence of goods, equipment, furnishings, stands, etc. on the premises of the same.

Art. 17 - The machinery on display may not be put into operation without the prior authorization of the Organization which will assess on a case-by-case basis, at its sole discretion, whether or not to grant it. The granting of authorization if any, does not entail assumption of responsibility for the operation of the above machinery. The exhibitor must, therefore, take all appropriate measures and devices to prevent accidents and fires, to reduce noise, to eliminate unpleasant odours, and avoid gas emissions; putting into operation machines and equipment that involve the use of flames is strictly forbidden. In any case, the machinery must not constitute a danger to anyone, nor cause any harassment. The Organization reserves the right to revoke the authorization as granted above if it sees the possibility of occurrence of incidents of any kind. Exhibitors shall, at their own expense and care, if the machines or systems have to comply with the provisions of the law or regulations in force, submit them beforehand to necessary inspection in order to obtain the relative authorization from the competent authorities.

Art. 18 - While the exhibitor is granted the widest possible freedom to carry out advertising activities within the stand, any form of claim that causes disturbance or that constitutes a direct comparison with other exhibitors or that in any case compromises the spirit of commercial hospitality of the event is excluded. It is forbidden to broadcast advertising material relating to events directly competing in "Le Giornate di Polizia Locale e Sicurezza Urbana" (Local Police and Urban Safety Days): in the event of such a situation, the Organizers will apply a penalty of € 10,000.00 to the exhibitor. Exhibitors are generally not permitted to use equipment for the reproduction of music and sound. Any exceptions must be authorized by the Organizer and do not exempt the exhibitor from complying, under its own responsibility and at its own expense, with the provisions of current copyright laws.

Art. 19 - Advertising and reminders made outside the limits of the allocated stands are prohibited, as is the display of posters or advertising material of companies not listed in the confirmation of participation or not represented.

FINAL PROVISIONS

Art. 20 - Please note that for personal data collected from data subjects, Maggioli Spa will not obtain consent on behalf of companies, organizations or other third parties present at the event as guests, sponsors or exhibitors, to send communications from the latter for the purpose of marketing and promotion of products and promotional activities not directly related to the event. Such entities, in fact, acting as autonomous data controllers, shall obtain such consent on their own account.

Art. 21 - If, for any reason, including force majeure, or otherwise dependent on the adoption, even on a voluntary basis, of preventive measures, including epidemiological ones, the event cannot take place, the application form will be considered automatically canceled and the Organization will reimburse the exhibitor the rent paid for the rental of the stand. If, on the other hand, the event is suspended after the opening date:

- if the suspension is due to force majeure, no refund shall be due to the exhibitor;

Art. 24 - Exhibitors and their employees shall be obliged to observe and ensure compliance with the instructions given by the Organizers. Otherwise they will be excluded from the event without being entitled to lodge any claim for refunds and compensation, but with the obligation, instead, of paying any moral and material damage caused by their non-compliance.
